

## DEANS CAPTURE BASKETBALL TITLE

### DEBATE SERIES TO START ON MONDAY EVENING AT 8 P. M.

Junior-Senior Discussion Of Normal School Issue Is First

### FROSH-SOPHS TUESDAY

Underclass Men to Take Up Question of Pacific League

The first contest in the inter-class debating series at the university will be held Monday evening, March 14, in Hawaii Hall, starting at 8 o'clock.

The juniors and seniors will debate the question "Resolved, that the Territorial Normal Training School Should Be Amalgamated With the University of Hawaii." The juniors will defend the proposition, led by Captain Walter Mihata. Mitsu Kido and Richard Kaneko are the other members of the junior team.

#### Seniors Take Negative

The negative team will consist of Miss Margaret Black, Harry Takata, and Shunzo Sakamaki. Miss Black is taking the place of Daniel K. Ainoa, who was forced to resign from the team, due to the heavy pressure of his many other activities.

The debate will be held under the auspices of the Hawaii Union, which is sponsoring the inter-class tournament. Prof. John M. Baker is in general charge of the debate, and will pick the judges for the several contests.

#### Freshmen-Sophomore Debate

The second contest in the series will be held on Tuesday night, March 15, in Hawaii Hall, starting at 8 o'clock. The freshmen and sophomores will debate the proposition, "Resolved that there should be a League of Pacific Nations."

The sophomore team, composed of Kam Tai Lee, Francis Sato, and Masao Yamada, will defend the proposition, while the freshmen team, composed of William Lydgate, Shigeo Yoshida and Ah Ho Chun, will uphold the negative. Kameju Hayakawa has been named as alternate on the sophomore

### Soccer Team To Play Rangers On Saturday

### Varsity Eleven Enters Local Cup-Tie Series

After two weeks of inactivity, Coach Dwight Rugh's soccer players will clash with the Rangers in a crucial contest to be staged this coming Saturday afternoon at the new Honolulu stadium.

Should the Deans win the game, they will meet the winner of the Celtic-Honiron fracas for the championship of the Honolulu Soccer league. But should they suffer defeat, they will be eliminated from further competition in the cup-tie series.

#### Make Good Showing

So far the Varsity booters, under the able coaching of Dwight Rugh, former captain of the University of California soccer team, have made a creditable showing. They finished third in the league with an impressive record of four victories, two ties, and one defeat.

The Deans lost only to the Honolulu Iron Works team, which closed the season without a single defeat; and held the Rangers, last year's champions, and the powerful Celtic combination to draw decisions.

Realizing the significance of the coming tilt, the members of the team, through Captain U. P. Das, solicit the moral support of the student body. They ask every student to turn out for the game and spur them on to victory.

### GRAPH RECORDS QUAKES

According to the records of the seismological observatory stationed at the University of Hawaii, the recent Japanese earthquake started at 10:57 p. m. Sunday, Honolulu time. The disturbance continued for one hour and twenty-seven minutes, with the maximum shock occurring eighteen minutes after the first indications.

The time interval between the initial shock and the recording of the secondary disturbing vibrations allows computation roughly of the distance from the instrument. It was estimated that the recent earthquake occurred 68,000 kilometers from the instrument located at the University.

### Livesay To Direct "U" Summer Session

### Professor of Education Will Conduct Course of Studies

Thayne M. Livesay, professor of psychology and education at the University of Hawaii, has been appointed director of the first summer session of the university to be held July 5 to August 2.

After graduating from the Pacific university in 1917, Prof. Livesay took his A. M. degree at the University of Washington, and then spent three years, from 1921 to 1924, as a graduate and research student at Stanford university. Coming to Hawaii in the fall of 1924 he has been on the university faculty for three years.

Regarding the summer works, Professor Livesay said: "There has been a great demand for a number of years for a summer session at the university. A great many people in the territory, especially teachers, want to go on working toward an A. B. or an A. M. degree. The summer session courses will carry university recognition in all colleges on the mainland, and although the session is only four weeks long, it will be equivalent to six weeks of the regular university work, and will carry the same amount of credit.

#### Courses for Public

"Although the session is designed especially for teachers, several courses, including one in international relations, will have a direct appeal to the general public."

Among professors of mainland universities who will give courses and Dr. W. W. Kemp, dean of the school of education at the University of California, and Dr. William A. Smith, assistant professor of education at the University of California, southern branch.

Registration will be held on July 2, although mainland persons may register July 5, if they do not arrive in the islands until then.

### Dr. Tasuku Harada Gives Lecture Course

Dr. Tasuku Harada, professor of Japanese language and literature, will give a lecture on "The Literature and Fine Arts in Modern Japan" at the Nuuanu Y. M. C. A. auditorium Friday evening, March 11 at 7:30 o'clock. The meeting is the second of a series of four lectures on Japan by Professor Harada.

The remainder of the talks are: "The Restoration of 1868; the Cause and Effect" on March 18 and "The Recent Development of Japan," March 25.

Professor Harada discussed in detail the "Background of the Old Social System in Japan" in his first lecture last Friday evening.

### PROPERTY TAX BILL FOR U. H. EXPENSES BEING CONSIDERED

Herbert Ahuna Of Hawaii Introduces Measure In House

### \$225,000 IN THREE YEARS

Emil M. Muller Moves For "Bill Of Rights" For U. H.

A bill providing for an additional property tax annually to provide funds with which to pay salaries and other expenses of the University of Hawaii, thereby removing this expense from the general revenues of the territory, was introduced in the house Monday by Representative Herbert Ahuna of Hawaii.

This measure, which is in line with a recommendation by Governor Wallace R. Farrington in his biennial message, was one of several relating to the university which reached the lower chamber of the legislature Monday morning.

The Ahuna measure provides for a university expense budget from July 1, 1927, to June 30, 1929, and for the establishment of a university cash basis fund by which an additional tax shall be levied at the rate of \$75,000 a year until the fund reaches \$225,000.

Representative Emil M. Muller, chairman of the education committee, introduced a bill by which the legislature and the territory assents to the second Morrill act and other acts of congress which provide for the maintenance and endowment of colleges for the benefit of agriculture and mechanic arts.

Muller also introduced a joint resolution, in the form of a "Bill of Rights," setting forth the claim of the government of the right of the University of Hawaii to share in the Hatch, Adams and other acts appropriating funds for the maintenance of agricultural experiment stations.

### Chosen By Faculty Governing Board Is

### Duties Of New Committee Are Outlined By President

The members of the governing board of the University were elected at a meeting of the faculty held last Wednesday afternoon. Those chosen to serve on this board are Professors John S. Donaghho, Frank T. Dillingham, and Louis A. Henke, who together with President David L. Crawford, Dean Arthur R. Keller, Dean A. L. Andrews, and Prof. Richard Wrenshall, chairman of the committee on graduate work, will assume the duties of the governing board.

The duties of this newly elected board are set forth below, and the board is to function during the remainder of this year, or until another election. The first duty is to recommend to the board of regents appointments of professors and assistant professors. The second duty is to advise the board of regents relative to the dismissal of any member of the faculty. Third, to develop the policies of the University in respect to organization. Fourth, to fix the requirements for admission and classification of students. And fifth, to advise the board of regents relative to the granting of honorary degrees.

### PARKER GIVES

Pleased with the efficient way in which the business staff of the Dramatic club handled the financial side of "The Admirable Crichton," E. I. Parker, manager of the Consolidated Amusement company, made a present of \$100 to the club. The gift came as a complete surprise to Hong Chang Wong, E. C. Keyes and William Lydgate, who had gone to settle up.

"We have gone over the top by a good margin," Parker was told.

"That is fine. Now just to show you that our heart is in the right place, we will make you a present of \$100."

### "Admirable Crichton" Is Ably Presented

### Varsity Thespians Score In Staging Of Barrie's Comedy

#### By MARGUERITE LOUIS

More than 2000 persons were present when "The Admirable Crichton" by J. M. Barrie, was given by the Dramatic Club of the University of Hawaii at the Princess theatre Friday and Saturday evenings.

The play was excellent in spots, good as a whole, but it didn't begin very well. Perhaps a jolly orchestra number before it started would have had the psychological effect of arousing both the actors and audience respectively to quicker and better action, and to keener attention. It started a little slowly; the leading characters could have been more convincing and taken the center of the stage more emphatically.

#### Lady Mary Enters

The first entrance of Lady Mary, Miss Cornelia MacIntyre, which should have been very impressive was spoiled by that terrible black and white checkered wall in the background. She had a lovely red and black gown on, but it screamed against the huge black and white checkers. It certainly made a loud entrance, but all her subtle grace and finished acting were lost because the colors hurt our eyes so. It would have been a bully entrance for a clown but not for a lovely, languid Lady Mary of an aristocratic English household.

#### Loam and Tweeny Star

Lord Loam, acted by Arthur Wriston, and Tweeny, acted by Miss Ruth Irwin, stood out prominently in the first act. They both did exceptionally well throughout the play.

Lord Brocklehurst, Robert Thompson. The other servants were all well son, and Tweeny made an amusing chosen, and each one stood out individually.

(Continued on Page 2)

### Dr. K. C. Leebrick Talks To The Mokihana Club

Dr. Karl C. Leebrick, head of the department of history and political science at the university, addressed the Mokihana Club, of Lihue, Kauai, at their monthly meeting, held on Thursday, March 3rd. Dr. Leebrick spoke on current international events, giving his interpretation of them, and describing the major trends of the day. (While on Kauai, Dr. Leebrick was the guest of Mr. and Mrs. Philp Rice, and "Mother" Rice. Mrs. Rice is president of the Mokihana Club, which invites Dr. Leebrick to give a lecture on current events every year.

Dr. Leebrick also spoke at the Lihue elementary schools while on his visit. He reports rough weather on the ocean, but he was a "good sailor" as usual. He returned to Honolulu on Sunday.

### VARSITY QUINTETTS HUMBLER A. C. A. TO WIN BY 24-22 SCORE

Battle Gives Rainbow Team Its First Championship Of Island

### DEASE THROWS BASKET

1500 Fans Cheer Favorites In Hard-Fought Struggle

#### By HARRY SHIRAMIZU

Fifty seconds to go! Both teams, partaking in their first championship game, deadlocked at 22-all! Varsity supporters clamoring for a field goal! Mandarin backers "squeezing" for a basket!

This was the intense situation, when Walter Holt of the university took possession of the ball, hesitated for a while, then passed it to Donald Dease, who was stationed right under the basket. The sub-center handled the pass perfectly, and sent the oval on its momentous journey through the iron-bound hoop.

#### Avenge Former Defeats

Result: Hawaii won 24-22, thereby avenging their two previous defeats of the current season at the hands of the A. C. A.'s and also capturing the casa-ba championship for the first time in the annals of the institution.

It was the wonderful teamwork and the fighting spirit of the regulars, the equally spectacular performance of the reserves, the strategy of Coach "Spud" Harrison, and the moral support of the Varsity adherents, that enabled the sons of Hawaii to emerge triumphant over the young blades of Cathay in a nip-and-tuck battle staged last Saturday evening at the new Palama gymnasium hall.

#### Hard Play Feature

Victors and vanquished, alike, did their best to capture the first hoop honors for their respective teams. The university boys won because they fought a little harder, played a little better, and cooperated a little more harmoniously than their adversaries. Every member of the Rainbow quintet, regular or reserve, carried out his assignment faithfully, and performed in a manner

(Continued on Page 4)

### Students Working For Berndt Match

### Preliminary Contest To Be Held On Night Of April 22

Several students have already signified their intention of trying out for the Berndt contest in extemporaneous speaking, the preliminary event of which will take place on Friday, April 22. The final contest will take place on Friday, May 6.

Philippine independence will be the general topic of the contest. The 15 topics to be discussed are to be found in Ka Leo for February 16, last.

The bibliography published in the last issue of Ka Leo and other details regarding the contest are posted on the bulletin board.

On the published bibliography an attempt was made to give the students a broad view of the subject. It is announced by these in charge of the contest that students are advised to glance at all the material and to spend their time on material dealing with the most recent phases of the question and on what other material may be needed for background.

Some students are working on the material who have not yet reported their intentions of entering the contest. All these caring to participate in the contest are requested to get in touch with John M. Baker or with Dr. A. L. Andrews or to leave a note for either of them.

# EDITORIAL

## OUR ATHLETIC TEAMS

On behalf of the student body, Ka Leo extends to the varsity basketball team heartiest congratulations for their splendid victory last Saturday evening, which brought the local A. A. U. championship for 1927 to the university. We congratulate Coach "Spud" Harrison, and each member of the team.

We commend the soccer team for the fine showing that they have made in league games this year. Soccer is a new sport at the university, and the good showing of our team is very gratifying to all who follow their work on the field. To Coach Dwight Rugh and the team, we extend cordial Aloha.

Our baseball team has been meeting with some pretty rough sledding, losing four and winning two games to date. But, win or lose, the university supports her teams, and to the baseball nine we extend every possible encouragement and cheer. Go to it, gang. What is defeat, so long as you have played the best you could? We're backing you to the limit.

The track season is fast coming on. We shall have a mighty strong team on the field this year, to match speed and strength with the powerful town teams. But victory can come only after earnest, hard work; faithful, consistent training; and a dogged determination to make the very best possible showing.

Our teams have not received half the support that they deserved, from the student body. Attendance at games has been very poor, which is discouraging to the players. Let us look forward to coming games with a resolution that we will give our teams greater support from the sidelines. They deserve it.

## "THE ADMIRABLE CRICHTON"

The semester play of the Dramatic Club was ably presented, and the cast and the production committees deserve hearty congratulations. The acting was well done, and the stage settings were pleasing. Moses Inaina and his Hawaiian troupe helped to make the program on both nights doubly pleasing.

If the editor may make one suggestion it is that a little more care should be taken in the printing of the programs. The names of the entertainers, and their selections, besides descriptions of the various scenes and acts, and possibly a brief introductory word concerning the play, ought to be included in the program. Moreover, highly appreciative though the theatre-goers may be of the work of the production committees, they are primarily interested in what goes on before their eyes; so it would seem that the names of the production staffs are not absolutely necessary, though perfectly permissible. A little less prominence on the program sheets, giving more room for more essential matters, would be appreciated by the theatre-patrons.

Teacher: Joy is an emotion. Anger is an emotion. Any feeling is an emotion. Mary give me an example of emotion.

Mary: The itch.

## TRY-OUTS FOR CHORUS

Over seventy-five applications for membership in the University Chorus have been received and it is indicated that the figure will reach a hundred. It will be impracticable to retain so many voices, and try-outs are therefore being held for the purpose of selecting the most suitable fifty. Selection will be based upon reading ability, experience, vocal quality and the necessity of maintaining a balance of parts in the final chorus.

Notices regarding the times of these try-outs will be posted on the bulletin board, and the students concerned are requested to cooperate by reporting promptly as designated. Full chorus rehearsals cannot begin until these preliminaries are completed. A try-out is guaranteed to be a perfectly painless operation and it is all over in less time than it takes to pull a tooth. All voices have an equal chance in the formation of this chorus, as the old-timers will report for try-outs, the same as freshmen.

## NEED WE FAIL?

Has democracy in America failed? Not yet. But woe to America if her citizens should blindly attach themselves to the superstition that American institutions are stamped with eternal validity! The mythical Atlantis, the Egypt of the Pharaohs, Asoka's Empire, Babylon, Greece, Rome, each believed itself indestructible. And the mightier they were, the harder they fell.

America need not fail. She can be the rosetta-stone of history, consummating in her ideals and institutions, the best and noblest in the civilizations of yesterday. She can crown history's past achievements with the greatest triumph of all, if she only has the will and foresight enough to do so.

Good government rests on good citizenship. In a democracy it is too often true that what is everybody's business is nobody's business. Moreover, too many a citizen is willing to share in the privileges and benefits of good government, without an equal willingness to share in the responsibilities of that government. This is dangerous; gravely so.

Good citizenship must include proper observation of the laws on the part of every individual, careful vigilance over the work of those entrusted to public office, and honest, intelligent work by those in positions of public trust and leadership. Unless we Americans get deadly in earnest about the every-day, practical obligations and responsibilities that confront every citizen in a government of, by, and for the people, we may look to see history repeat itself in the downfall of another mighty nation.

Teacher: John, what animal makes the nearest approach to man?

John: The mosquito.

Teacher (tapping on desk): Order please!

Eddie I'll take ham and eggs.

Ham: Say, Sam, do you know ah can trace ma ancestry back to de family tree?

Sam: Waal, thar is only two things dat live in the trees, birds and monkeys, and you suttingly ain't got no feathers on yuh.

## The College World

### United States Military Academy

West Point cadets are now allowed to smoke on the campus. Permission to do so was granted last fall when cadets complained of not being allowed to smoke when their feminine friends did so.

### University of Illinois

The university now has 60 buildings and a campus of approximately 300 acres.

### University of Michigan

The largest press box in the world will be built on the new football stadium. The stand will be enclosed with glass and brick and will have a central switch-board, writing tables, and three specially constructed radio broadcasting booths.

### Fresno State College

Full sized mirrors have been placed in the corridors of the college to improve walking posture of students. The looking glasses were installed at turns in the hallways so students could see how they looked to others when they walked.

### University of California

The California freshman football team will have to play their two hardest games in 1927 on successive Saturdays, according to the schedule released here today. On October 29 they take on the Trojan youngsters from Southern California at Berkeley, and the next week, November 5, they finish their schedule with the "Little Big" game against the Stanford Babes at Palo Alto.

### Stanford University

A marathon whisker contest was held for men of Stanford university recently. The object of the competition was to inject more "vim, vigor and virility" into the Stanford rough. Each contestant was given a close shave at the beginning of the two weeks marathon to insure an even chance for all entering. The winner received a \$10 cash prize and a loving cup, a consolation prize being given to the contestant whose fuzz flourished the least. The contest was sponsored by Chapparrals, a barber concern.

## Guild Presents Shaw's "You Never Can Tell"

By J. S. P.

Quite a respectable number of students turned out to see Bernard Shaw's brilliant comedy, "You Never Can Tell" which the Actors' guild presented Saturday afternoon in the Royal Hawaiian theatre. The play is sparkling with keen remarks and conversation and it was played with an artistry one rarely finds so far away from the big theatrical centers of the country.

Mabel Taliaferro as Dolly fitted the part as though it had been made for her. Her golden hair, her dainty figure, her sparkling vivacity made a very charming and lovable Dolly. Her sister Gloria was played by Miss Lewis and the brother Philip, was Arnall. Florence McAfee as the mother of these ultra modern children was a very convincing twentieth century parent. All during the play child raising and child manners were freely aired and criticized and in the end all was settled, as per usual, in the average family.

The setting of this play was artistic in every detail and the gowns were very chic and the last word in fashion. Madame Dahl's students in the audience had a decidedly good lesson as to perfect line, color and style. One can understand her slogan; "One must be stylish" better, after seeing such lovely gowns. Miss McAfee's mauve chiffon gown in the fourth act and her scarlet silken, deep-fringed shawl produced a striking effect. If every twentieth century mother possessed such a wardrobe her children would all adore her. Dolly's white silk frock with a tight bodice and full embroidered skirt was very effective and her elder sister Gloria's rose chiffon dress was fetching also.

The beautiful witchery of the Royal Hawaiian theatre made the environment which was just about the ideal condition in which to enjoy a play of this type, to the very uttermost, and the ticket only cost 35 cents as economical "Dotty" would have expressed it.

## Antioch College Is Again A Pioneer

### New Methods Of Teaching And Study Are Planned

The following article, written by Donald Burgess, in The New Student, for February 23, 1927, may prove of interest to students of the University of Hawaii, and to the administration: "Antioch College is pioneering again. When plans now under way are completed, she will be experimenting with methods of teaching and study long hoped for by students but never dared by colleges. Classes (for all but freshmen) will almost completely give way to conferences, and mass lecturing to individual advice.

"The authentic details cannot yet be published because they are still being worked upon by faculty committees, but indications are that the changes will be the most revolutionary in American college practice since Antioch's original innovation of combining education with direct experience in industry. The following report is not guaranteed for accuracy but will be followed by the exact facts when the development is completed.

"Under the system, according to President Arthur E. Morgan, the semester's work in each subject will be carefully outlined and the student allowed to master it in his own way. Oral and written examinations will be given regularly, and at the end of the five or six year course, candidates for degrees must pass a comprehensive examination.

### Class-Rooms Into Study-Rooms

"Lecture rooms will be turned into study rooms where instructors and student assistants may work with students requiring help on some particular problem. No student, however, is to apply for aid until he has done all he can for himself. Lectures will be scheduled occasionally in all courses but attendance at them will be optional. Conferences may be arranged with instructors at any time and informal group discussions will be held as occasion demands.

### Learning by Teaching

"Associated with the autonomous plan of study is an arrangement whereby each student will devote five hours a week to educational work in his field of special interest. This experience as student assistant, laboratory assistant, tutor, or paper-grader is expected to give him the benefits of learning through actual teaching or quasi-teaching activities.

"In the freshman and sophomore year individual instructors will be at liberty to introduce the autonomous plan as far as they see fit. In laboratory courses a definite schedule will be kept but students will be able to spend more than the usual amount of time in this part of their work.

### Time for Study, At Last!

"The two principal points in favor of the autonomous plan of study are, first, that it develops the student's power to think things through for himself and, second, that it is more adapted to the needs of the individual student than is the present plan. Concerning the first point, President Morgan says '..... the typical student does his daily task for his professor and gets most of his information from lectures or from standard textbooks. He seldom is required to think for himself. At Antioch it will be necessary for him to think his way through, with help in emergencies, or to leave college.'

"Concerning the second point, Mr. Morgan felt that the abler students can cut a year or more from the time regularly required to complete the course and that the slower students will have the opportunity to master their subjects more thoroughly as they go. Similarly, subjects that are more difficult than others for a student may be given whatever time is saved in studying the easier ones.

"There will also be a certain efficiency in the organization of a student's time under this plan. He will be able to spend an entire week or more of uninterrupted study on a single subject or he may devote certain days to the study of certain subjects. In any case he will no longer be forced to take mental jumps from one subject to another every few minutes and the continuity of study thus obtained will count heavily."

## "Admirable Crichton" Is Ably Presented

(Continued from Page 1)

Ernest, John Devereaux, had the faculty of making the audience laugh every time he spoke. And the little scene featuring Larry Thomas as the page, and Harry Shaw as Crichton, was so spontaneous and good it gave it a professional touch.

The island scenes were undoubtedly the best; here Lady Mary was in her best element; she acted well, looked well, and it was evident throughout that she really felt her part. The costuming and stage setting here were excellent, and Lady Mary looked lovely with her golden hair, both in her green skipper and in the improvised island costume.

### Lady Mary Pleases

This time she made a lovely entrance when she whistled and jumped through the window; she gave this part the light spontaneous touch which it called for. It seemed incredulous for her to desire to change her beautiful becoming leopard skins for Tweenie's precious but ugly skirt.

Crichton too did best in the island scene. He did very well in a very difficult role. The scene around the pot, the lighting effects, all the details of building the fire were way above even the critical pen of Xantippe. The last bit of pantomime in this act—when Lady Mary was the last to return to the pot was especially good.

### Miss Lemmon Scores

In the last act Lady Brocklehurst, acted by Miss Juanita Lemmon, took the center of the stage; she subordinated every one except Lady Mary, throughout most of the act. Juanita is always very good in character parts.

Lady Mary retained her dignity and importance; she looked perfectly beautiful in her white evening gown, and the whole act moved at the right tempo to a fine ending—but again, in the last exit of Crichton (which was perhaps one of the hardest things to do in the whole play and which was done as only Harold Shaw could do it) was spoiled by that terrible black and white checkerboard behind him.

### A Wonderful Play

"The Admirable Crichton," is a wonderful play, a subtle play, and a very difficult play to put over big. The actors the coaches, the Dramatic Club, and the A. S. U. H. certainly deserve credit for undertaking such a tremendous task, and praise for doing it so well.

### LIBRARY NOTICE

The library staff again asks that the students observe the "Quiet" signs in the entrance of the library. Loud talking and laughing on the library steps disturbs the students who are studying and it is the students themselves who complain. As the library is the only study room on the campus it is easy to see the necessity for quiet. Special care is needed in changing classes, and the cooperation of the students is requested.

M: I hear you're flunking in Latin. I don't understand it!

T: Neither do I, that's why I'm flunking.

Dan: Mama, can I go out and play?  
Mother: What, with those holes in your trousers?

Dan: No, with the kids across the street.

## Rainbow Baseball Nine Loses To Haw'n Pines

### Canners Knock Pitcher Out Of Box With Heavy Stick-Work

The University of Hawaii baseball nine lost to the Hawaiian Pines team 7 to 0 in a horsehide contest at Moiliili field last Saturday afternoon.

"Lefty" Ishii started the heaving for the Deans, but in the fourth inning he was retired in favor of N. Horio. Ishii allowed the Cannery boys six runs. Horio did much better than his teammate, limiting the Pines sluggers to a single tally.

Coach Klum's balltossers had an off day in batting, garnering only five blows off the deliveries of Edward Low, the Pines' pitcher.

Tashima, playing the role of pinch-hitter, secured the longest hit of the day, smacking the old apple for a nifty three-bagger.

Sunday School teacher—What little boy can tell me the difference between "quick" and the "dead?"

Little Boy (waving his hand frantically)—The "quick" are the ones that get out of the way of automobiles, and the "dead" are the ones who do not.

Judge (to prisoner)—"What is your name, occupation, and what are you charged with?"

Prisoner—"My name is Sparks, I am an electrician, and I am charged with battery."

Judge—Officer, put this man in a dry cell!

Old Gentleman (engaging a new chauffeur)—Can I write to your last employer for your character?

Chauffeur—I'm sorry, sir, but each of the last two I have been with died in my service. —Bison.

Schoolmaster: Now John, this is the third time you've looked on Jack's paper.

John: Yes, sir, he doesn't write very plainly.

## Coach Klum Buys New Books For Library

Coach Otto Klum has purchased nine books for the library, with the money left over from the Rockne football course, given last December. The books are on the reserve shelves at the university library, and are open to all interested readers.

The books purchased are:

"The Science of Basketball," by Dr. Paul E. Meanwell, coach at the University of Wisconsin, formerly of the University of Missouri. Dr. Meanwell is considered the foremost basketball coach in the country.

"My Basketball Bible," by Forrest C. Allen, director of athletics at the University of Kansas.

"Track and Field" by Harry Gill, track coach at the University of Illinois. Gill is regarded as one of the outstanding track coaches in the United States.

"Track and Field—Principles and Details of Training," by T. C. Jones, physical education director at the University of Wisconsin.

"How to Coach and Play Basketball," by J. Craig Ruby, basketball coach at the University of Illinois.

"Baseball Notes for Coaches and Players," by Elmer Berry, professor of physiology, and baseball coach at the International Y. M. C. A. College, Springfield, Illinois.

"Baseball—Individual and Team Play in Outline Form," by Carl L. Lundgren, head coach at the University of Illinois. Lundgren was for years a pitcher on the Chicago Cubs, from the days of "Tinker" to "Evers" to "Chance."

"Individual and Mass Athletics," by S. C. Staley, assistant professor of physical education at the University of Illinois.

"The Organization and Administration of Physical Education," by Jesse Feering Williams, A. B., M. D., assistant professor of physical education, Teachers' College, Columbia University.

(It Ain't Gonna Rain No More)

O, the cockroach has no beauty;

In fact he is a fright,

But you should see the peppy thing,  
When he steps out at night!

## Gerdes Tops League Heavy Hitters List

### "Lefty" Ishii Is Second With .500 Per Cent Record

Joe Gerdes, varsity left-fielder, has leaped to the top of the individual batting columns, according to Loui Leong Hop, sports writer for the Star-Bulletin, in an article in the afternoon daily last Saturday. Hop writes:

"Joseph ('Jumping Joe') Gerdes, the left pasture custodian for the University of Hawaii nine, has leaped again and this time his jump landed him on the top of the picture in the Commercial Baseball league's individual batting column for all games played up to today.

#### Makes 11 Hits

"According to the statistics obtained from Harry A. Yim, official scorer, Joe Gerdes has amassed a batting mark of .524 when he slapped the white pellet for 11 safety blows in 21 wieldings with the pole. Gerdes made this average in five games. One of his hits went for a twin-sacker. He scored two runs in the quintet of games.

"In fielding, however, 'Jumping Joe' does not make such a hit as his batting. Eleven chances went his direction but he booted two of them, resulting in a fielding average of .818. He made eight putouts and one assist to account for the 11 chances handled.

#### Yee is Second

"Peter Yee, short-stop and pinch-hitter on the Liberty House outfit, is right on the heels of the Dean hitter with a .500 average, made in four games. Yee has cuffed out a total of eight hits in 16 turns with the bludgeon. One of his pokes was good for two bases. He made three runs. Afield Yee accepted 20 chances and miscued thrice for an average of .875.

#### Ishii is Second

"'Lefty' Ishii, Dean hurler, also has a .500 mark at hitting but he participated in only three of the five games his team played. Ishii nailed three for safeties in six turns with the stick. One of his swipes won a ball game from

the Liberty House.

"The hard-hitting Oilers are still there on top of the heap in team hitting. In the last game the Jawndees have added 10 percentage digits to their average until now their team average is .278. In the four games that they played, they have knocked out 42 hits. They went to bat 147 times. A total of 38 runs have been scored by the Oilers in four games. Six of their 42 blows went for two-baggers, one for a triple and four others over the Moiliili left wall for homers. In fielding the Oilers are also good. They are possessed of a .964 marker while their nearest fielding rivals are the Pines who have a .941 marker.

#### Second in Average

"The Deans are second in hitting with a .247 average followed by the Honolulu Iron Works with .232, the Liberty House with .217, the American Can with .202, and the Hawaiian Pines with .190.

"In fielding the Liberty House and the Phones are knotted for third honors with a .939 average. The Can-cos are fourth with .913, followed by the Iron Works with .910 and the Deans with .909."

## President Crawford Congratulate Staffs

Members of the cast and of the business organization of "The Admirable Crichton" were congratulated by President D. L. Crawford in a written statement Tuesday.

"This production," he says, "was a credit to any university group, and I want you to know that the University is very proud to have such talent shown. I understand, also, that the business management was ably handled to the satisfaction of everybody concerned. This is no small part of the business of a successful play production, and I congratulate you on a well carried out program."

The tumult and the shouting dies—

The captains and the kings depart—

Still stands thine ancient sacrifice,

An humble and a contrite heart.

Lord God of Hosts, be with us yet,

Lest we forget, lest we forget!

He (passing candy to lady): Sweets to the sweet, you know.

She: Thank you, Won't you have some of these nuts?

### Forget your Hair!

No more evenings marred by the embarrassment of straggly-looking hair!.....Now you can go all evening—all day in fact—without giving a thought to your hair. STACOMB trains it to lie smoothly in place—yet never greasy looking. Counterracts dandruff too.

In Tubes 35c, Jars 75c, Liquid 50c  
At all drug stores and general stores.

Varsity Quintette Wins Championship

Deans Defeat Chinese 24-22 In Thrilling Title Battle

(Continued from Page 1) which made victory inevitable. The Deans proved their superiority over the Mandarins, offensively and defensively by scoring nine field goals and holding down their rivals to five baskets.

**Deans Heavy Scorers**  
William Whittle and Billy Mountcastle worked together well, the former scoring three field goals and one free throw, and the latter registering one basket and three conversions. Walter Holt put up a great game at center and guard. He not only outjumped the A. C. A.'s tip-off man but tallied two baskets and one free throw.

Kanky Chun and James Shin formed an impenetrable bulwark, forcing the Mandarin forwards to attempt long shots. Kanky also contributed to the Deans' harvest by tallying two field goals and one free throw.

The reserves, Shunma Hino, Hung Dau Ching, and Donald Dease, acquitted themselves nobly and played a prominent part in the glorious triumph of the Emeralds and White cagers.

The Battle

With the opening of the game, Varsity launched a furious attack and at the end of the first half, led the Dragons by the score of 13 to 9.

Following the intermission, both teams took to the court determined to outscore the other. The contest grew fiercer and fiercer as it progressed. Three Dean regulars and one Mandarin player were ejected from the game for committing more than the allotted number of fouls.

Reserves Respond

Now the Hawaii supporters felt a little bit uneasy over the outcome of the fracas. They wondered whether the Deans substitutes could carry on the work of their predecessors. They were greatly relieved, however, when the reserves responded by holding the Dragons on even terms. Final score: Hawaii 24, A. C. A. 22.

WELL DONE, BOYS!

Inter-Class Debates Start Next Monday

(Continued from Page 1) team, and Miss Salome Lee as alternate on the freshman team.  
**Upperclass Alternates**  
David T. W. Yap is alternate on the junior class debate team, while Daniel Ainoa will hold himself in readiness for action for the seniors, if necessary. The winning teams in the two contests will debate against each other at some later date, and on some other proposition, it is announced.

**Union Awards Trophy**  
The winners of the final contest will be awarded a suitable trophy, presented by the Hawaii Union.

This is the first time that an inter-class debating tournament is to be held at the university.

While Sakamaki has been granted his A. B. degree, he has not yet completed eight semesters of residence and his degree has not yet been awarded. He is still claimed by the Senior class and the Juniors have accepted him as eligible.

Especial interest is attached to the debates because they will bring out material which will be available for the debate with the University of Oregon planned for next fall.

In addition to the Oregon debate, the Pan-Pacific debate trip, planned for this spring, but carried over until next fall, is in the offing.

UNIVERSITY R. O. T. C. OFFICERS FORM CLUB

A new organization, called "The Officers' Club of the University of Hawaii" was started recently at the university to promote "better comradeship among the officers" of the R. O. T. C. to provide "for the gathering of officers for educational lectures, and to promote social functions within the battalion and the university."

E. F. Wedemeyer, captain of Co. K, of the university unit, was elected president; T. Betsui, vice-president; John Myatt, secretary, and Percy Lydgate, treasurer.

Promotion from the rank of a non-commissioned officer to that of a second lieutenant makes an R. O. T. C. officer automatically eligible to membership in the club. Meetings are to be held in Hawaii Hall at 7 p. m. on the first and third Mondays of each month.

DR. BERGMAN GIVES TALK BEFORE FACULTY

Dr. Herbert F. Bergman, professor of botany at the University of Hawaii, addressed the faculty on Monday, March 7, on "Protein of the Papaia Seed, and Some Studies on Its Amino-Acid Composition." Dr. Bergman has done considerable research work on the papaia. His address began at 4:10 p. m. in the geology room of Hawaii hall.

Ka Leo Staff Member Is Emergency Heroine

Covers "Crichton" For The Advertiser When Banks Is Hurt

Players in "The Admirable Crichton" have a member of the reportorial staff of Ka Leo to thank for a review of the first night of the play, it was learned Monday when details were told how Mrs. Jessie S. Peet, a senior in Arts and Sciences, wrote the article after Eugene H. Banks, dramatic critic of the Honolulu Advertiser, was injured Friday night.

Mr. Banks, who was assigned to cover the play, slipped and hurt his head during the performance between acts. Mrs. Peet, who is the wife of William Peet, sporting editor of the Advertiser, had learned that Banks was to write the review. She was in the audience at the time Mr. Banks was hurt and assisted him to the hospital in her car. A newspaper woman at heart, she knew that they had already begun to look up some of the pages and she hurried over to the newspaper office as soon as she was assured the injuries of Mr. Banks were slight.

It was getting late but there was still time. She found a mill in her husband's office and wrote out her impressions of the play as they had been taking shape in her mind during her trip to the hospital and on the way over to the city room.

There was only time for a stick or two but she hit the high spots. And the play was covered. Members of the cast who eagerly opened their morning papers were not disappointed and hundreds who came the last night to help make the play a financial success were reminded that there was a college show in town.

12-Year Old Lad Enters University Of Wisconsin

According to an Associated News dispatch early this week, Wisconsin university may soon have a "child prodigy." Robert Nagler, 12 years old, has passed the first section of the university entrance examinations and expects no trouble in the remainder of the tests.

Robert has attended school less than four years. Part of his brief school career was spent in high school in Madison, Los Angeles and Seattle. He speaks French and German. He is an assistant professor of chemistry at the Madison vocational school, Madison, Wisconsin. Robert likes chemistry and makes chemistry his hobby. In addition young Robert has been tutored in mathematics and Latin.

Unlike some brilliant youngster, the report goes further to say, "Robert Nagler is neither a 'book worm' nor an 'inside boy,' as he enjoys sports."

The boy's mother, a graduate of Minnesota university and Bryn Maur and a former school teacher, is given the credit for Robert's knowledge.

KA PALAPALA

All those students who are to have their pictures in the annual either as graduating seniors, class officers, or organization officers MUST HAVE THEIR PHOTOS TAKEN BEFORE MARCH 15, the editor announces. It is imperative that all pictures be on hand before the make-up staff begins laying out the panels. There are only a bare two and a half months left to the college year, and every day counts. The sooner the students have their photos taken, the sooner the annual will appear.

So, seniors, class officers, organization officers, and any others who are going to have their pictures in Ka Palapala, go to the studio of H. Schultheis, Pantheon Building, BEFORE MARCH 15.

ANTONY.

D. L. CRAWFORDS HONOR MRS. JOSEPH FYFEE

Mr. and Mrs. David L. Crawford were hosts at dinner Monday night, honoring Mrs. Joseph Fyfee, who is leaving soon. After dinner the guests enjoyed music. Present were Messrs. and Mesdames Frank C. Atherton, Ralph C. Woolley, Atherton Richards, George P. Cooke, John P. Erdman and Mrs. Eleanor Hazzard Peacock.

U. H. Tennis Team Defeats Ewa Stars

Varsity Racketeers Score Three To Two Victory

The Varsity racketeers triumphed over the crack Ewa tennis players 3 to 2 in a regular inter-club tournament held last Sunday morning at the Ewa plantation courts.

Hawaii scored one victory in the singles and won two matches in the doubles. T. Kawahara, Varsity singles champion, found a Tartar in Kau, veteran racket-wielder on the Ewa team. The plantation player avenged his last year's defeat, beating Kawahara 6-4, 6-2.

Kaneda Wins Singles

Captain Kaneda overwhelmed Nicholls by the scores of 6-3, 6-1. The Dean pilot's speedy forehand drives caused the downfall of Ewa's second singles player.

In the doubles, the Dease brothers, eliminated Benton and Nelson 6-3, 6-0. The Varsity pair cooperated beautifully, Donald doing the smashing and Maitland, the volleying.

Being a bit off-form, Inouye-Crawford lost to Duman and Young by the count of 6-8, 3-6. Olmstead and Shitamae, participating in their first match of the campaign, beat the Hansen-Hattie combination 6-4, 6-3.

Summary:	
HAWAII—3	EWA—2
<b>Singles</b>	
Kawahara	Kau
4-6, 2-6	
Kaneda	Nicholls
6-3, 6-1	
<b>Doubles</b>	
Dease-Dease	Benton-Nelson
6-3, 6-0	
Crawford-Inouye	Duman-Young
6-8, 3-6	
Olmstead-Shitamae	Hansen-Hattie
6-4, 6-3	

Lady teacher: Your behavior is very poor, I must write a letter to your father right away.
